Program Report

Reference: KAPOK-448

1. The financial accounting for the **RESEARCH VERBAND**, submitted by ☐ was forwarded to the Finance Division which termed the accounting "an excellent job". The only question now remaining is the raised funds from sales abroad are not being forwarded to Munich to help defray publishing costs. It is requested that the Case Officer forward the present status of funds accrued abroad.

2. The receipt of a new operational clearance now makes it possible for **CASIMIR 8** to make his long-delayed trip to the United States for a several-month visit. ☐ Case Officer should request financial authorization for the trip as soon as it has been definitely determined that **CASIMIR 8**'s presence is no longer required in Europe for air dispatches this year. It is assumed that **CASIMIR 8** is already in possession of the necessary documents and that **CHS** will assist him in acquiring the U.S. visitor's visa if the need arises.

3. The New York Study Group under **CASIMIR 8** continues to be very active and expects to have several studies on the **RESEARCH VERBAND** ready for presentation in the immediate future. To facilitate the production of 75-type studies it is expected that a qualified Russian-English translator will be recruited for the Study Group within the next few months.

4. It is expected that the training of CASHMERE 4 and 15, curtailed earlier due to the Training Section's heavy schedule, will be resumed around mid-September. Upon completion of their training, both should be of great value in our instructing future CASHMERE recruits when the training program commences in the United States.
